

EXIM Thailand Congratulates SCIMTMM
on the Opening of Power Transmission Towers Plant in Myanmar

Mr. Pisit Serewiwattana (third left), President of Export-Import Bank of Thailand (EXIM Thailand), and EXIM Thailand's executives recently congratulated Mr. Noppol Milinthanggoon (center), Chairman of the Board of Directors, SCI Electric Plc. (SCI), on the opening of a power transmission and telecommunication towers and hot-dip galvanizing plant of SCI Metal Tech (Myanmar) Co., Ltd. (SCIMTMM), an SCI subsidiary, at Myanmar's Thilawa Special Economic Zone. EXIM Thailand provided a loan worth 14.10 million US dollars aiming to support a high-potential Thai enterprise to expand its business overseas particularly in a neighboring country such as Myanmar where the economy is growing, attracting Thai entrepreneurs and investors to increase Thai-Myanma trade transactions.
