

EXIM Thailand Receives ISO/IEC 27001:2013 Certification

Mr. Pisit Serewiwattana (third left), President of Export-Import Bank of Thailand (EXIM Thailand), received ISO/IEC 27001:2013 Information Security Management Systems (ISMS) standard certification for EXIM Thailand's management of its data center including support infrastructure, network, facilities, BAHTNET EFS, ICAS-ICMG system and EFS from Mr. Jakkapong Suwannapha (third right), Client Manager of BSI Group (Thailand) Co., Ltd. at EXIM Thailand's Head Office on May 31, 2018. Achieving the ISO/IEC 27001:2013 signifies that EXIM Thailand's ISMS has been upgraded to the international standard in line with the Bank's transformation plans. It will enable EXIM Thailand to assure its clients of the Bank's information security management at its Head Office and all branches.
